## Conferences at Peppers Blue on Blue Resort

Escape the distractions of the city and retreat to this idyllic tropical island, where inspiration and clear thinking is sparked by spectacular surroundings. Anticipation builds on the short but mesmerising 20 minute boat ride over the azure Coral Sea to a modern resort in a marina setting surrounded by mountainous terrain. Even the atmosphere is rewarding.

Days progress at a languid pace and starry evenings are celebrated at the water's edge. Enjoy service to a high professional standard. Cater with excellent regional produce prepared with a passion for fine dining. Choose from three dedicated function spaces and tailor them to make 10 or 120 delegates feel at home. You'll have the technology and the facilities to make it seamless.

## Conference Venues

With refreshing natural light, the Indigo Room will provide your delegates with a memorable and unique experience. The modern and adaptable Indigo Room offers the flexibility to be used in its full capacity, or can be reconfigured into 2 separate meeting spaces (Indigo Sky Room and Indigo Sea Room). The room is equipped with standard AV equipment, a ceiling-mounted data projector, 8 foot electronic screen system and adjustable lighting.

To ensure your event is memorable and seamless, an on-site conference coordinator is available to assist with any requests. Between seminars, delegates will have the opportunity to relax and network in the Boardwalk Restaurant & Bar or at the covered outdoor area of The Atrium.

The Boardwalk Restaurant & Bar also provides the perfect venue for a private dinner in one of the function rooms, or events for up to 140 guests seated or 300 guests cocktail-style. Boasting stunning views across the marina, the restaurant offers a seamless transition between traditional and alfresco dining options to suit your event requirements.
